Christ-Like Lifestyle Training

Testimonies from the Christ-Like Lifestyle training:

"This teaching on the Spirit-Empowered Life will help you discover and cultivate a lifestyle that is totally surrendered to Christ, and walks daily in the power of the Holy Spirit." **Dr. Dick Eastman, International President, Every Home for Christ, Colorado Springs, USA**, referencing one of CLT's core resources.

"We need this kind of training! In my personal opinion we should have started this 100 years ago! If it had started even 20 years ago we could have put our country in a better position. We lost our children, we lost our families because no one was there to guide them. It is vital to continue and as much as possible we need to expand the Kingdom of God and especially this training to every part of the (globe)."
Johnson Matthew, Pastor, The Fellowship

"I believe this is something that God is going to use to stir so many to seek to live out this lifestyle. It will encourage you to keep trusting God to live out the abandoned life." **Milton Monell, Director of Global Prayer, Cru/Campus Crusade for Christ**, referencing one of CLT's core resources

"The Cleansing Prayer Guide is very helpful to us. I am going to use this every day and teach it through our network." **Facilitator of a network of 1,000+ prayer leaders in Korea**

"The feedback we are getting is that the people highly recommend this training to others. They felt that this seminar should be mandatory for Korean churches. We are deeply thankful for God's guidance and for His work in the lives of the participants!"
Simon Son, Korea Campus Crusade for Christ

A few months ago you sent me two electronic books. I wanted to inform you that these are very powerful tools for the Gospel. These books are in English. We in Tanzania use the Swahili language. I wonder if you would give me permission to translate these books so that our people can be helped to grow and also be used in our Bible College? We are in great need of Church Leadership training. Please let me know if this can work?"

Pastor Gervase Martin Masanja, National Overseer (Translation has begun)

"God greatly blessed the ministry since we started implemented this lifestyle. I have been personally revived and my wife and my marriage have been impacted. We have reached more souls from Hindu and Muslim backgrounds in our congregation since starting this lifestyle. We grew from a handful of families to around 200 members in just 9 months. We only preach to those who come from non-Christian background in order to reach the lost." **Pastor Philip, India**

"Prior to coming to the conference I was about to leave ministry and go to take a job making much more money in the Gulf countries. During the training God spoke to me about this lifestyle. I was very encouraged to win the country for Christ through this lifestyle. I decided not to go to the Gulf and instead of looking at my financial needs I chose to build this lifestyle in my own life and in my sphere of influence. The church is now paying me and they have even gifted me a church building." **Pastor Joel, India**

"God brought motivation and change in my life and made me spiritually stable in Him when I began to implement this lifestyle. When they implemented this lifestyle in other nations things changed. God confirmed in me to start this lifestyle and much has improved. To do the bold things for God we must have intimacy with Him. As I have a great relationship with the Lord, God has helped me to stand in ministry. I have since shared this testimony with many churches and the people have been blessed." **Pastor Paul**

"I come from a Hindu background. I came to Christ and started to minister but I did not have clarity in how to minister in the community. I also was having family issues. When I put the family lifestyle into practice God healed my family. I am also now able to see much more clearly how to effectively minister to my community." **Pastor, India**

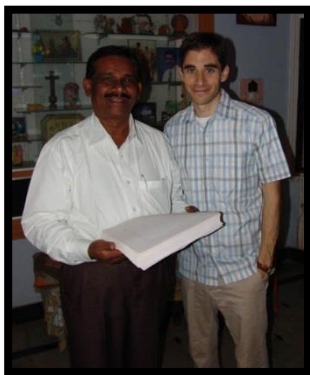

"I was saved 3 years back and followed Jesus secretly all these years. During the training I saw a vision that my eyes are blind. I shared the vision with my pastor and he told me that I should bear witness for Christ. I boldly told this vision to my husband who had previously hindered me from going to church. I told him that I want to be a witness for Christ and miraculously my husband agreed. Now from this training I am filled with fire to be a witness for Jesus Christ!" **Sister Suvartha**

"I was renewed spiritually through the training and restored to a relationship with God in my prayer life." **Sister Bharalli**

This pastor was led by the Lord to translate one of the main training materials into the Kannada language.

"Everywhere I go I will begin to share this message with others." **Key minister in the state of Karnataka**

Pastor's confession during open sharing time, India

"I have been compromised in the television programs I have been watching. God has been convicting me about this. My ministry has become ineffective. I want to begin to implement this teaching in my life even before I continue to seek to minister to others. I want God to change my life."

"I used to attend so many meetings but I had no prayer life. I am making a declaration that I don't want more crusades or all night prayer services. I want a personal prayer life."

*"Wherever we go this message is what we all share. This lifestyle is the solution to all problems. In India it is said that every family has a story. Meaning, every family has a job difficulty, or health problem, or difficulties in relationships. This lifestyle that puts Jesus Christ at the center of our lives through spending time in the Word of God, hearing from His Spirit and walking in obedience to Him is the solution to the needs in every family." **Pastor in Telegana, India***

*"We will take this to the state of Karnataka! You don't have to worry about it, just come and see the fruit." **Pastoral Coordinator***

*"This is the need of the hour for the church in India! This is what the Church should be doing but because we have not, God has sent you to give us this message." **Woman who is a doctor and the wife of a minister in Bangalore.***

Testimony of a minister to the unreached of India: "We have printed 1,000 booklets with this material and we are taking this teaching out to the villages. We trained some of our youth to take this message out to the villages and 7 souls have recently come to know Jesus Christ!"

*"In the past God used to speak to me but I always used to neglect what God was speaking. When I went to pray during the conference I asked God to speak to me. God then spoke to me, "You have a good ministry but that does not mean that you are okay. I want you to implement this lifestyle." (In your personal life, family, and congregation.) **Pastor who attended the training, India***

These photos are from trainings conducted by local Indian pastors. They have been trained in the material and are now passing along this Christ-Like Lifestyle to others!

"I attended the last training and I was representing a church of about 300-400 people. We were so stirred that we immediately began a season of 21 days of fasting and prayer to establish this lifestyle and 50 participated. We are seeing good fruit from this lifestyle. Following this latest training, though we had previously done this only within our local congregation we now have a vision to take this message out to the other churches in our area!"

My daughter also started this lifestyle at college with other medical students. They are now having a daily prayer gathering among the medical professionals!"

"My husband encouraged me to implement this lifestyle. I started to see my workplace as my mission field. I started sharing the Gospel with my co-workers and I started sharing the Gospel with the wash boys, and with others I came in contact with. We have now started a workplace fellowship for those who are truly seeking to live for Christ."

(Woman in tears)

"We have had strong spiritual food during this training. I am thankful for the dedication of the team that came. Today I came to understand how much I should pray for lost souls. I have to build a Christ-like lifestyle in my personal life, my family, and my congregation. I have lost much time but I will use the remainder of my time to build this lifestyle and win souls to Christ!"

*"The message on family is very important! There are many pastors who work with their congregations but neglect their families." **Pastor, India***

*"We might have come in with our own agenda but God had His agenda. This is not our agenda, and it is not about our ministries, this is God's agenda. Our meeting was historic!" **Senior leader among pastors in Mumbai***

*"The trainers have already shared the vision of this lifestyle in their congregations and they are now going out to share this in other districts. They have owned the training!" **Pastor/Training Coordinator, India***
